

Inspirational Quotes by MLK Jr.

Hosted By African Immigrant and Refugee Foundation

Project Goal

To give hopeful and inspirational words and quotes from MLK Jr. to people who are in challenging circumstances. People would come to the table to make cards, use the quotes that were provided, and add their own decorative touches and messages.

Timeline for Planning

One Month Before: Confirm the time and location of the activity. Make sure you will have a table to work at and people there to participate.

One Day Before: Purchase your paper, scissors, markers, crayons, and other supplies. Print out a list of inspirational MLK quotes. Encourage family or friends to help you at the table.

The Day Of: Enjoy inspiring others!

How Many Volunteers?

At least 5 would be ideal, but there is no maximum!

Time Commitment

Five hours of planning for the coordinator, plus the time during the day of the event. Only two to three hours for individual participants to work at the tables.

Expenses

If you apply early enough, the county may be able to cover the costs of your supplies. Otherwise, you would need paper, scissors, markers, and glue sticks. Depending on the volume of people participating, this could cost between \$20 and \$100.

Publicity

The only publicity done was within the African Immigrant and Refugee club, in order to get students to come and run the table.

Challenges

Make sure you have enough supplies!

Results

People felt inspired and pleased with the results of their cards. They were happy to know their cards were going to people who would appreciate them.

Tips/Key Steps:

- Double check whether you need to buy materials or if the County will provide them.
- Make sure you know where you will be donating the cards (because participants like to know where their cards are going).

"The time is always right to do what's right."
